To Whom It May Concern

In February and March 2008, The Dawn Group of Newspapers is holding its annual Exhibition Expo in Karachi, Lahore and Islamabad.

This event has an impressive reputation for promoting Higher Education in Pakistan. The importance of Pakistani students making the right choice in an informed manner when mapping out their academic futures cannot be over emphasized. Higher Education in the United Kingdom enjoys an enviable and valued reputation in Pakistan and UK Colleges and Universities are keen to attract suitably qualified students.

Many of those UK establishments will be represented at the Exhibition together with The British Council and British High Commission Visa Section. The personnel present will be more than pleased to offer both information and advice to those seeking to further their studies in the United Kingdom.

In addition, helpful information can always be obtained from The British Council Education UK website www.educationuk.org.pk and the British High Commission website www.britainonline.org.pk.

Yours Sincerely

ALEX POND
Director Visa Services Pakistan
